Kyrgyzstan

Kyrgyzstan, a landlocked country in Central Asia, is blessed with breathtaking natural beauty. Its diverse landscape is a paradise for nature enthusiasts. Majestic mountains, such as the Tian Shan range, dominate the skyline, adorned with snow-capped peaks and crystal-clear glacial lakes. Vast green meadows and alpine valleys, home to a rich array of flora and fauna, offer a serene escape. The country boasts pristine rivers and waterfalls, inviting adventurers to indulge in thrilling water activities. Dense forests harbor rare wildlife, including the elusive snow leopard. Kyrgyzstan's nature is a treasure trove of tranquility, beckoning travelers to immerse themselves in its unspoiled wonders.

Location, Geography and Culture

Kyrgyzstan spans an area of 76,500 square miles (198,500 square kilometers) and shares borders with China to the southeast, Kazakhstan to the north, Tajikistan to the southwest, and Uzbekistan to the northwest. The valleys, predominantly inhabited along the limited network of paved roads, are densely populated. The cultural landscape of the country varies, with the influence of Russian culture more pronounced in the northern regions, while Uzbek traditions have permeated the southern areas. The Naryn region, located in central Kyrgyzstan, stands out for its relative isolation, preserving the essence of Kyrgyz culture in its purest form.

Traditionally, Kyrgyz people lived as nomads, closely intertwined with nature. Their lifestyle, from housing to clothing, was meticulously adapted to the ever-changing environmental conditions. Yurts, the traditional dwelling, were easily dismantled and portable, offering warmth in winter and coolness in summer. The interior textiles of yurts, such as shyrdaks (felt rugs) and tush kyiz (embroidered hangings), drew inspiration from natural elements like flora, fauna, and landscapes. Even attire was crafted from natural materials, prioritizing comfort without compromising style.

IEU OVERVIEW

International European University

Welcome to the International European University Bishkek, a prestigious institution of higher learning situated in Kyrgyzstan. Our university proudly offers an array of undergraduate and graduate programs spanning various disciplines including business, engineering, medicine, and more. Committed to upholding European standards of education, we boast a vibrant and multicultural student body, making IEU an ideal destination for those seeking a truly global educational experience. We invite you to explore our diverse range of programs, esteemed faculty, and vibrant campus life to discover why IEU stands as the ultimate choice for your academic journey.

International European University (IEU) Kyrgyzstan stands as a beacon of excellence in medical education, dedicated to fostering compassion and cultivating future leaders in healthcare. Our core mission revolves around empowering aspiring healthcare professionals to shape a healthier tomorrow.

RECTOR'S

Message

Dear Members of the IEU Community,

At IEU, we uphold the values of holistic education, fostering virtues alongside professional prowess, and advancing academic research. Our commitment lies in nurturing individuals of integrity and competence, aligned with the demands of a globalized world in science, technology, and economics.

Our educators are dedicated to the belief that our university serves not only as a platform for imparting knowledge and skills but also as a sanctuary for critical thinking, moral development, and the preservation of cultural heritage. As Kyrgyz society and economy flourish, we recognize the pivotal moment to lead in higher education advancement.

To seize the opportunities ahead, we pledge to pursue excellence in teaching and research in equal measure, rooted in our local context yet embracing a global perspective. We will intensify our efforts towards internationalization, attracting diverse talent and fostering interdisciplinary collaboration and innovation.

Together, let us embark on this journey of growth and enlightenment, shaping the future of education and contributing to the betterment of society.

Warm regards,
Rector, IEU

Toimatov Samatbek Shakievich

International European University

VICE DEAN'S

Message

Dear Members of the IEU Community,

As Vice Dean of IEU College of Medicine, I am honored to welcome you to our esteemed institution. At IUE, we are dedicated to nurturing future leaders in the medical field who will make significant contributions to the health and well-being of communities, both locally and globally.

Our mission at IEU is centered on continuous improvement and excellence in all that we do. We are committed to upholding core values such as respect, collaboration, excellence, compassion, integrity, altruism, empathy, wellness, and equity. These values serve as the guiding principles for our faculty, staff, and students as we work together to fulfill our educational and societal responsibilities.

In line with this commitment, the Faculty of Medicine has recently reaffirmed its dedication to these core values, emphasizing their importance in shaping the culture of our institution. As members of the IEU community, it is incumbent upon each of us to uphold and embody these values in our everyday interactions and endeavors.

IEU College of Medicine provides a supportive and inclusive environment where students can thrive academically, professionally, and personally. Through innovative teaching methods, cutting-edge research opportunities, and immersive clinical experiences, we strive to prepare our students to excel as compassionate and skilled healthcare professionals.

I am excited about the journey ahead and look forward to working collaboratively with all members of our community to achieve our shared goals. Together, let us continue to uphold the values that define us and make a positive impact on the world.

Warm regards,
Vice Dean, IEU College of Medicine

Mission & Vision

MISSION

At IEU, our mission is to develop future healthcare leaders, pursue innovative research, and deliver exceptional patient care. We're dedicated to improving health and well-being locally, nationally, and globally through education, research, and compassionate healthcare services. Our commitment extends beyond borders, aiming to make a lasting, positive impact on society's health and wellness.

Our unwavering dedication lies in the cultivation of the future cadre of healthcare trailblazers, the pursuit of pioneering research endeavors, and the delivery of unparalleled patient care. Our overarching mission revolves around enhancing health and well-being across local, national, and global landscapes. Through a multifaceted approach, we aim to elevate the standards of education, forge new frontiers in research, and extend compassionate and exceptional healthcare services to individuals and communities alike. Our commitment extends beyond conventional boundaries as we strive to make a meaningful impact on the health and wellness of society, transcending geographical limitations to create a lasting, positive influence on a global scale.

VISION

Our vision at International European University (IEU) is to be a beacon of excellence in healthcare education, research, and patient care, shaping a brighter future for individuals and communities worldwide. Striving for a healthier tomorrow by envisioning excellence in medical education, research, and compassionate healthcare.

- Healthcare professionals are equipped with cutting-edge knowledge and skills to deliver compassionate and exceptional care.
- Innovative research breakthroughs lead to improved treatments and patient outcomes.
- Education and research are seamlessly integrated, fostering a culture of continuous learning and discovery.
- Diversity, inclusivity, and cultural sensitivity are embraced, creating a global community of healthcare leaders.
- Patient care is patient-centered, accessible, and evidence-based, setting a new standard for healthcare delivery.
- Collaborations with local and global partners drive positive change and impact in healthcare policies and practices.

GOALS

1. Equip students with comprehensive medical knowledge and practical skills essential for excelling as competent healthcare professionals in diverse clinical settings.
2. Foster a deep understanding of the social determinants of health and instill a sense of responsibility towards addressing the health disparities prevalent in both local and global communities.
3. Cultivate a strong sense of advocacy among students, empowering them to champion for patients' rights and advocate for equitable access to healthcare resources and services.
4. Encourage active participation in professional organizations and provide opportunities for leadership development, nurturing future leaders in the field of medicine.
5. Foster a culture of lifelong learning and scholarly inquiry, motivating students to engage in innovative research endeavors aimed at advancing medical knowledge and improving patient care outcomes.

Goals

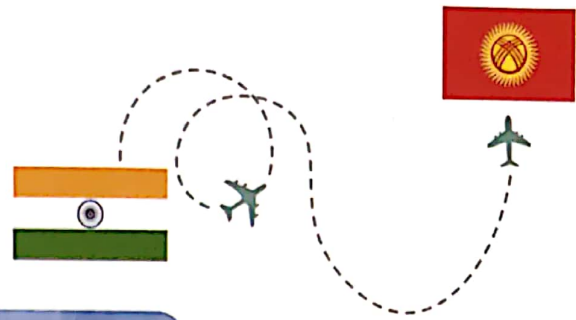

Travel / Flight✈️

IEU collaborates with authorized representatives to attract and admit foreign students, ensuring compliance with agreements to promote public relations, authenticate documents, and verify students' intentions for medical education in Kyrgyz Republic.

For transportation, IEU offers buses and minibusses to ferry students to educational centers on Bishkek's outskirts. Alternatively, students can use personal vehicles.

Bishkek's transport system, comprising minibusses, buses, and trolleybuses, efficiently connects all areas. Public transport fares range from 8 to 10 Kyrgyz Soms, while taxis offer negotiable rates.

Regarding air travel, IEU assists students through official representatives, ensuring smooth transit and support throughout their journey. From facilitating ground transportation to managing flight arrangements, IEU strives to provide seamless travel experiences for prospective students heading to Kyrgyz Republic.

Classroom

Infrastructure

FACILITIES AND EQUIPMENT FOR STUDENTS:

At the International European University in Bishkek, our commitment to student success is evident in our modern facilities and cutting-edge equipment. With a focus on technology integration, our classrooms feature multimedia tools, computers, and LCD projectors for dynamic learning experiences. We offer five IT classrooms, a mobile classroom for postgraduate education, and a library IT facility with 16 computers available from 8 AM to 9 PM. Our seminar rooms are equipped for collaborative learning, and our faculty is trained to maximize multimedia usage for enhanced teaching.

Clinical Practise

The primary objective of external practical training at IEU Medical Faculty is to familiarize students with their future professional responsibilities through participation in daily hospital routines. This experience enhances their understanding of the importance of collaboration with colleagues and other healthcare professionals, as well as provides insights into hospital organization.

To enhance clinical practical training, IEU Medical Faculty aims to extend the duration of the 5.5 year of medical training. This initiative aims to equip graduating students with improved practical skills and a structured training program, thereby refining their clinical competence by CRMI of 1 Year

Practical training serves as a vital component in shaping competent doctors. Students draw upon knowledge and skills acquired during their study at clinical and theoretical departments, applying them during practical sessions held in both winter and summer. Comprehensive methodical materials, curriculums, lists of practical skills, and diary examples support various forms of practical training.

Sport Activities

At International European University Bishkek Kyrgyzstan, we believe in the holistic development of our students, which includes nurturing their physical well-being through sports and recreational activities. Our institution boasts a vibrant sports culture, offering a wide range of opportunities for students to engage in various athletic pursuits.

Our state-of-the-art sports facilities provide students with the perfect environment to participate in their favorite sports and discover new ones. From well-maintained playing fields and courts to fully equipped gyms, we offer everything students need to stay active and healthy.

Furthermore, we encourage participation in intercollegiate sports competitions, allowing students to showcase their talents and sportsmanship on a broader platform. Through these competitions, students not only hone their athletic skills but also develop valuable qualities such as teamwork, leadership, and resilience.

Moreover, sports at International European University Bishkek Kyrgyzstan are not just about competition; they also serve as a means of fostering camaraderie and building lifelong friendships. Our sports events and recreational activities provide students with opportunities to unwind, relieve stress, and create lasting memories outside of the classroom.

Overall, sports play an integral role in the student experience at International European University Bishkek Kyrgyzstan, promoting physical fitness, personal growth, and a sense of community among our diverse student body.
